Insects remover

Technical information

This product is suitable to remove insects and insects' spots from varnishes and windscreens. Thanks to the first-rate raw materials and its perfectly balanced chemical composition, it leaves glasses clean without any shadow. The product, if properly diluted, does not corrode varnishes even if used in the sun. It cleans car doors' edges and bonnets thoroughly.

CHEMICAL COMPOSITION: mixture of anionic non-ionic surface active agents, alcohol, inhibitors, sequestering agents, wetting agents, polishing agents, water.

PH: ph 11,5

DIRECTIONS FOR USE:

WITH SPRAYER:

thin 1:5-8 with water, spray over the surface and rinse cold with high pressure cleaner.

ADVICE: the product is irritant for eyes and skin if in contact on pure solution, no danger has been found in normal conditions of use and with the suggested dilutions. We suggest testing the dilution in accordance with the available equipment and the outer temperature.

PACKAGE: canisters size kg. 12 - 60 – cart. pcs 12 x 500 ml. with trigger
