033 KILAV SHAMPOO

NEUTRAL SHAMPOO FOR CARS

Technical information

Concentrated neutral car shampoo, for varnishes of any type. It can be used as an all-purpose cleaner, since it is suitable for any surface.

Thanks to its rich foam, it does not dry up on the surface; moreover it degreases without corroding neither varnishes nor plastic parts.

Excellent self-drying and self-polishing product, easy to rinse, even if left on the varnish for a long time.

It is suitable for: cars, trucks, painted surfaces, floors and tiles, big windows etc.

CHEMICAL COMPOSITION: Mixture of anionic non ionic surface active agents adjuvants, preservative agents, perfume.

PH: ph 6,5

DIRECTIONS FOR USE:

FOR CARS:

Put 20-30 gr. of product into 8-10 lt. of water, work in the shade and sponge the car body, rinse immediately and dry with a buckskin.

FOR GENERAL CLEANING:

Dilute 10 gr. of product in 10 lt. of water and wash considering the type of surface and, at the same time, the available equipment.

ADVICE: Avoid the products drying on the surface

PACKAGE: canister size 60 kg. 25 kg. 12 kg
