## 045 MAGIC DEGHIACCIANTE SPRAY

### Technical information

Removes ice quickly and prevents ice from forming on car windows, locks and rubber ca door seals. Its special formula allows an instant action also on high thickness of the ice, leaving a light layer delaying the re-forming of ice and without leaving marks on car windows.

**CHEMICAL COMPOSITION:** Alcohols, adjuvants, anti-corrosives, propellants: propane, butane

**PH:** N.A.

#### **DIRECTIONS FOR USE:**

**FOR CAR WINDOWS:** Shake the vessel and spray the product on the surface covered with ice and after few seconds start the windscreen wipers

**FOR PACKINGS AND LOCKS:** spray a big quantity of the product in the interior of the lock or on the packing.

**WARNING:** pressurised vessel. Shelter from sun rays, do not expose to a temperature above 50°C. Neither pierce nor burn after use. Do not spray on a flame. Avoid direct inhalation and spraying into eyes. Keep out of the reach of children.

**PACKAGE:** spray tin size 200 ml. (packed in cardboard boxes containing 24 units)
